

Auditors Oversight Authority

CAYMAN ISLANDS

Annual Report on activities for the year ended 31 December 2022

This report is made pursuant to Rule 101(i) which requires the Authority to report publicly on its activities at least annually.

Who we are

We are a Cayman Islands independent statutory authority established by The Auditors Oversight Act (the “Act”; previously known as The Auditors Oversight Law).

What we do

Our current mandate is to regulate and supervise, through conducting inspections, Cayman Islands auditors who audit the financial statements of entities which come under our purview. At 31 December 2022, there were two auditors registered with us who audit collectively one such entity.

Leadership

The Board of the Authority provides the leadership of the Authority. Normally, the Board is comprised of five persons, three of whom are retired public accountants of whom one is a non-resident of the Cayman Islands. The Auditor General of the Cayman Islands and the Financial Secretary of the Cayman Islands are Board members, and the Managing Director of the Authority is a non-voting ex-officio member of the Board. The Managing Director is entrusted with the day-to-day administration of the Authority under authority delegated by the Board. Since Donald Cockburn retired as the Managing Director in 2019, Paul Anderton (who had served as Deputy Chairman since 2012) has performed the role of acting Managing Director, relinquishing his role as a voting director. He is expected to continue as acting Managing Director until the future of the AOA becomes clearer at which time the AOA can recruit a suitably qualified person to take over from him.

Inspection results for the period

The Managing Director is responsible for leading the inspection activities of the Authority. The Authority has entered into an arrangement with the Institute of Chartered Accountants in England and Wales whereby personnel from the Institute assist the Managing Director in the conduct of the Authority’s inspection activities. No inspections were carried out in 2022. There were no matters arising from inspections in previous years which required further action by the AOA in 2022.

Other events and developments in the year

International Co-operation:

The International Forum of Independent Audit Regulators (IFIAR): The AOA continues to be a member of IFIAR. The IFIAR annual Plenary Meeting was held remotely in 2022 because of the COVID 19 pandemic and the AOA participated in that and in other IFIAR activities when appropriate.

Other equivalent overseas regulators:

In the fall of 2021, the AOA completed a questionnaire designed to allow the UK Financial Reporting Council (“FRC”) to assess the adequacy of the Cayman Islands audit regulatory regime as part of a process to determine whether the Cayman Islands should be recognized as “equivalent” by the UK as a “third country” regulator. In late 2022 we received follow up questions from the FRC, to which we have responded, and now expect the process to be completed in 2023.

In 2022, the AOA underwent a similar assessment process with the Swiss authorities. They declined to recognize the Cayman regime as equivalent because of the AOA’s use of the Institute of Chartered Accountants in England and Wales to assist with inspections. In this respect, the Swiss position is unchanged from their last assessment several years ago and it is not expected to have a significant impact on the AOA’s operations.

Scope of activities/Future of the AOA:

We continued our assessment of the desirability of expanding the scope of our activities and possibly broadening the future role of the AOA in the oversight of the audit profession in the Cayman Islands. Since 2019, consultations have been on-going with the Cayman Islands Institute of Professional Accountants (“CIIPA”) and Government to consider the future of the AOA. Although concluding on a strategic plan for the future of the AOA has taken much longer than expected, significant progress was made in 2022 and it is anticipated that a final plan can be developed in 2023.

Impact of COVID 19:

There were no significant effects of the COVID 19 pandemic on the operations of the AOA in 2022.

CAYMAN ISLANDS

Financial information

Currently, virtually all of our funding is derived from the Cayman Island Government. A modest annual fee is paid by the registered audit firms, and we charge the audit firms inspected the direct costs of the inspection (being the costs of the Institute of Chartered Accountants of England & Wales personnel and the costs of the Managing Director during the inspection).

Our annual financial statements are audited by the Office of the Auditor General of Cayman Islands and are included on our website. The Auditor General is a Board member of the AOA and has recused herself from involvement in the audit. The audit report is signed off by her Deputy who is delegated Acting Auditor General authority to carry out the function of the Auditor General in this circumstance.
